
Putting \"Discuss this article on the forums\" links

Posted by Mark Gray - 2007/08/14 17:17

If you wanna put a link on an article that says "Discuss this article on the forum" all you need to do is copy and paste this text at the end of your article.

```
{mos_fb_discuss:10}
```

it will put a link in the bottom of your article. If the forum thread is not there, it will create one when someone tries to discuss the article.
